The Certificate of Achievement in Music curriculum provides students with a broad foundation in music that will enable them to pursue a variety of musical paths including performance, composition, and music education. Students will develop performance skills through applied lessons and participation in ensembles, combined with a two-year sequence of music theory, aural skills/sight-reading, and keyboard proficiency courses. Students who complete the curriculum can seek entry-level employment as music educators, performers, music assistants, and musical leaders in liturgical/worship services. Prior to beginning the coursework in this program, students should have at least some experience in reading printed music and playing an instrument/voice.

A Certificate of Achievement is awarded upon completion of all required courses with a grade of C or better.
