Top Code:

4931.00

The VESL Health Care program prepares intermediate to advanced ESL students for careers in health care. Students gain knowledge of essential vocabulary used in the health care field and increase their ability to communicate orally and in writing about a variety of key health care topics. The curriculum also serves as a pathway to noncredit and credit CTE programs.

A Certificate of Competency is awarded upon completion of all required courses.

Total Hours: 216

## Program Outcomes

- Demonstrate effective use of key vocabulary and oral language skills related to health care topics
- Apply occupation-specific vocabulary and appropriate grammar to write effectively about health care topics
- Research, read, summarize, and present information about health care topics.
