

COMPUTER INFORMATION SYSTEMS

computer-information-systems/computer-information-systems-system-network-administration-as-cert-achievement/)

DIVISION: Career and Technical Education

The Computer Information Systems discipline offers a great way for you to change your career or to start a new one in a technology related field. Our programs will teach you how to practically implement technology and technology solutions in businesses and online.

In our Certificate of Achievement and AS Degree programs, you will learn the foundational skills needed to find employment in fields of computer information systems, with the opportunity to specialize in programming, IT support, and Microsoft Enterprise System Administration. We are a Cisco Networking Academy Certified program. Additionally, we offer several different Occupational Skills Certificates where you can develop skills unique to particular jobs in IT. Our courses also prepare you to test for industry credentials that are widely respected in the field.

- CCNP Routing & Switching Preparation – Occupational Skills Certificate (<https://curriculum.pasadena.edu/academic-programs/computer-information-systems/ccnp-routing-switching-preparation-occupational-skills-cert/>)
- CISCO Enterprise Network Associate – Occupational Skills Certificate (<https://curriculum.pasadena.edu/academic-programs/computer-information-systems/cisco-enterprise-network-associate-occupational-skills-cert/>)
