

LIBRARY

DIVISION: Library

Learn skills and knowledge to support your career in libraries, archives, and/or other cultural heritage institutions through our certificate programs! There are three possible certificates to explore depending on your interests and goals.

For careers in libraries: The Library Technology Certificate is designed for entry-level library staff careers and professional development, it is approved by the ALA-APA Library Support Staff Certification program, and can lead to an Associate Degree.

For careers in archives and digital collections: There are two certificate options available. The Archives and Digital Collections Assistant Certificate will introduce you to entry-level knowledge about archives and the management of digital collections, while the Digitization Skills Certificate is a streamlined version to focus just on the management of digital collections.

- Archives and Digital Collections Assistant – Certificate of Achievement (<https://curriculum.pasadena.edu/academic-programs/library/archives-digital-collections-assistant-cert-achievement/>)
- Digitization Skills for Libraries and Cultural Heritage Institutions – Certificate of Achievement (<https://curriculum.pasadena.edu/academic-programs/library/digitization-skills-cert-achievement/>)
- Library Technology – Associate in Science Degree, Certificate of Achievement (<https://curriculum.pasadena.edu/academic-programs/library/library-technology-as-cert-achievement/>)
